PROJECTS

Portfolio Website 🐙

React tailwind Framer-motion

[click here](#)

- It's my own portfolio website with cool animated design. I used to make this website React.js, framer-motion, tailwind-css.

Snake Game 🐙

python turtle

[click here](#)

- It's a normal snake game where a snake eat foods and increased by size. And user control by up, down, left and right it's a python developing game design using python GUI.

Unbeatable TicTacToe

html css javascript

[click here](#)

- Using HTML, CSS, Javascript creat a tic-tac-toe game with minimax algorithm which is unbeatable. User playing with AI and it's result always either it's draw or AI will win.
